# STOCKOUNT

This electronic counter was *specially* designed for installation in exit chutes from shearing platforms

## WHAT STOCKOUNT WILL DO FOR YOU

- \* Counting done for you - sheep ready for branding etc. straight after being shorn - Saves time & labour
- \* Holding pens not necessary - Saves money.
- \* Accurate count always available, even if mains fails

**Manufactured by**

**PRACTRONICS PTY. LTD**

ABN 68009409894

5 Parry Street CLAREMONT WA 6010

Phone Enquiries to Steve Lansell 0419 919 968

Or you can email us: [practronics@iinet.net.au](mailto:practronics@iinet.net.au)

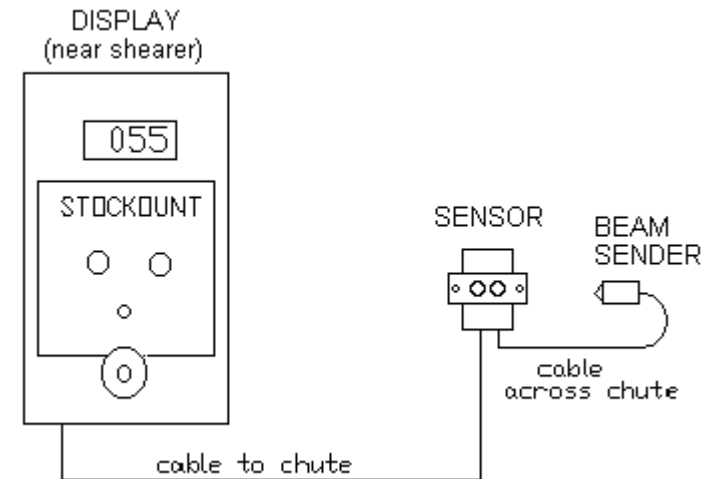

## IMPORTANT FEATURES OF THE COUNTER

- ❖ Protection against false counting due to animals baulking (1 or 10 second delay - selectable)
- ❖ Loud tone signal to verify that a count has been registered
- ❖ Green light to show that STOCKOUNT is ready to count
- ❖ Count is not lost if power to STOCKOUNT is interrupted.
- ❖ It will be retained for more than three hours
- ❖ Display is perfectly readable in bright or subdued light
- ❖ Counter reset to zero facility
- ❖ Mains or 12 volt battery operation
- ❖ Easy to install - cables & brackets supplied

## BATTERY OPERATION

Where AC power is not available, STOCKOUNT can conveniently be operated from a small sealed 12 volt battery. The current drawn by a single unit is less than 0.1 Amp.

## STOCKOUNT LAYOUT

A detailed guideline is provided to assist with installation of this equipment.

## WARRANTY

There's a TWELVE MONTH warranty on STOCKOUNT. It covers replacement parts and labour.
